

# **GRAN CARDIEL** Rueda Verdejo

Gran Cardiel is a tribute to a man passionate about the Castilian landscape, a personal friend of Félix Lorenzo Cachazo. He frequented our town to contemplate the majestic bird "Avutarda", one of the biggest birds able to fly, who is in danger of extinction, and that lives and breeds in our area.

#### VINEYARD-CLIMATE-HARVEST

The grapes in this wine come from Verdejo vineyards planted in different areas of the Denomination of Origin Rueda; from young wire-trained vineyards with stony soil, to our more tan 140 year old bush vines that survived the phylloxera plague due to the sandy soil. These vineyards are located in the village of Alcazarén. This is the reason why we wanted to make a complex and special wine.

The climate is continental, with very cold winters with frost and sometimes snowfall; spring and autumn with mild temperatures and frequent rainfall; and very warm and dry summers with a great difference in temperature during day and night, reaching 20 degreed in temperature difference.

Harvest is carried out in the middle of September when the grapes have reached their ideal ripening stage.

We harvest one part of the grapes by hand in cages of 10 kg, unloaded directly in the reception area in our winery. The wire-trained vines are harvested by machine during night, taking advantage of the colder temperature in order to avoid oxidations.

#### WINEMAKING PROCESS

Reception of the grapes in our winery; destemming and crushing of the grapes with a light pressing in order to extract the grape must. We carry out a static settling process with help from cold temperature. Further on, the fermentation process lasts for about 3 to 4 weeks with cold temperatures (never above 15°C).

Afterwards, a racking operation, or transfer of the wine, is carried out to eliminate the thick lees, leaving only the fine lees in the wine, which we work for several months in order to obtain wines of complexity and structure with a final touch of elegance. Finally, the clarification, stabilisation and a light filtration is carried out before the wine is bottled.

### **TASTING NOTES**

#### Visual

Straw yellow with greenish reflections, clean and shiny.

#### Aromas

Clean nose with high intensity of the varietal aromas of Verdejo, such as fennel, freshly cut grass, mixed with aromas of white fruit (apple, pear) and tropical notes (mango and pineapple).

#### Mouth

Complex wine with acidity and bitterness well balanced. Sweet tones of the fruit that appears on the nose (mango, apple). A wine with a long aftertaste that invites you to continue drinking.
